During our October event you will find estate sales, antiques, collectibles, re-purposed, vintage, primitive, shabby chic, chalk painted furniture, galvanized, farm finds, crafts and much more along the route. **This Shopper Guide contains a map for each participating town and a list of all the Registered Vendors and Advertisers.**

## **NOTE TO SHOPPERS - FOLLOW THE OFFICIAL Trail of Treasures™ SIGNS:**

# STELLA

The earliest settlers in the Stella area arrived in about 1855. An August 1881 public meeting of local farmers led to an arrangement for the Missouri Pacific Railroad to be extended to that point. Stella was platted the same year, and was named for Stella Clark, the daughter of the original owner of the town site. The track reached Stella in December 1881 and a station building was raised on January 7, 1882. The village was incorporated in 1882 and grew quickly. By fall 1882 there were 25 business firms in town. The school commenced in 1884, telephones were introduced in 1899, and an electrical system was in the planning stage in 1901.

# CRAB ORCHARD

Crab Orchard was platted in 1883 when the Chicago, Burlington and Quincy Railroad was extended to that point. It is a farming community located near the western border of Johnson County, just off Highway 136 east of Beatrice. Warren S. Dilworth took land where the Crab Orchard Cemetery is now located. Nearby a grove of wild crab apple trees grew, from which the village of Crab Orchard derived its name. The government established the Crab Orchard Post Office in 1864, with Dilworth as postmaster. Roy Barcroft was an American character actor famous for playing villains in B-Westerns and other genres. From 1937 to 1957, he appeared in more than 300 films for Republic Pictures. Film critic Leonard Maltin acclaimed Barcroft as "Republic Pictures' number one bad guy". Some television shows he appeared in were Gunsmoke, Lassie, Laramie, Rawhide and Bonanza.

# Welcome, Treasure Hunters!

The Trail of Treasures™ has brought communities together along Highway 136, 6 & 34, 8, 50, 75, and 77 for a weekend of great bargains and good times. We hope you will discover just how rich and inviting this region can be as you search for “Treasures” along the Trail we call Nebraska Byway 136 - Heritage Highway.

## 13th YEAR “BORDER TO BORDER ACROSS SOUTHERN NEBRASKA”

As President of Byway 136 and Chair of Trail of Treasures™, I would like to say a special thanks to all the Vendors and Advertisers listed in this Shopper Guide. Without all of you, we would not have an event called Trail of Treasures!

Unfortunately, there are always those people who try to profit from those Vendors and Advertisers that are willing to participate with paid listings. We encourage you Shoppers to stop ONLY where you see our official Trail of Treasures™ signs – this year they will be Fuchsia/White!!!

Many hours and time goes into making this event happen so we want it to be an enjoyable experience for our shoppers!

Also thank you to my co-coordinator, Maxine Schatz, and our publisher people (Chris and Lilly) at Courtside Marketing. Courtside Marketing (Enterprise Publishing) owns several newspapers. We try to promote those people who help promote us.

We have “Official” Professionally Printed Signs in Fuchsia/White for all the Registered Participants and encourage the Shoppers to support ONLY the vendors displaying the Official Signs and take time to say “Thank you for making Byway 136 – Trail of Treasures™ possible!!”

We are always looking for photos and stories of any of your Trail of Treasures™ experiences. You can email them to [judyjeancoe@gmail.com](mailto:judyjeancoe@gmail.com) or text to 402-335-0745 or mail to P.O. Box 59, Tecumseh, Nebraska, 68450.

# JANSEN

---

Russian settler Peter Jansesn (Jansen) and a small group of 50 fellow Mennonites left Russia in 1873 and purchased 20,000 acres from the Burlington and Missouri Railroad where they established seven settlements. With word of the Chicago, Rock Island, and Pacific Railroad coming through the area, Jansen bought 80 more acres and on Aug. 20, 1886, mapped out the town. Railroad officials honored local rancher and politician Jansen by naming the new town after him. Within one year, 13 businesses had been built, including a bank. Founded by Jansen, the bank has operated continuously since that time, though it has changed leaders and names.

# RIVERTON

While many towns trace their founding and growth to the influence of the railroads, Riverton is different. It is a town of “bridges.” First claimed in 1870, Riverton was settled in the spring of 1871 by the Thompson Company and laid out on the west side of a large, beautiful creek at its confluence with the Republican River. It gradually moved to the east side of Thompson Creek where it was officially incorporated in 1887. The 200 proud people say they live in the prettiest place in the state of Nebraska – with six bridges leading into it from all points on the map.

# NAPONEE

Naponee is near the Republican River, about 3 miles downstream from Harlan County Dam, and about 2 miles south of U.S. Highway 136. The first settlers to the Naponee area arrived in 1869. Naponee’s name originates with Napanee, Ontario, the hometown of a Canadian who fought in the Civil War and bought land along the Republican River. A post office was established in 1871 and in 1877, the first store opened and was followed by the village’s first survey in 1879. Railroad service arrived in 1879 with the Burlington Railroad reaching town. Incorporation of the village of Naponee took place on November 30, 1909. David Janssen, the film and television actor, was born in Naponee.

# HAIGLER

Whether traveling north on Highway 27 from Kansas or east on Highway 34 from Colorado, the first town in Nebraska is Haigler, population 230. It is the state's "cornerstone." The townsite was the homestead of James and Arabelle Porter, the first family to settle here and who built a mercantile store. The Burlington Railroad extended its lines from Indianola to Denver in 1881-82. The mail was dispatched at Jake Haigler's ranch house, two miles west, so the railroad called it "Haigler's" Station. Haigler was platted in 1886. It was named for Jacob Haigler, the pioneer settler where the mail had been dispatched

# Christmas in November

## WILBER

Wilber was platted in 1873 by C. D. Wilber, and named for him. In 1878, the County Seat of Saline County was transferred to Wilber from Pleasant Hill. Wilber was declared the official "Czech Capital of the United States" on July 10, 1987, in a decree signed by President Ronald Reagan. Wilber hosts the annual Czech Days Festival in August which celebrates the city's Czech Heritage.
